

# Our Business Model

## Revenue Share

### Single Agent Revenue Share

Up to 3.5% gross commission

Agents at eXp Realty can receive residual income from the productive agents they sponsor into the company. Earn up to \$2,800 annually for each agent you personally introduce to eXp.

Revenue share is paid by company dollars and doesn't reduce agent commission.

### Multi-Agent Revenue Share

In addition, agents earn residual income from productive agents sponsored into their overall group.

As an example: If you personally sponsor 5 productive agents to eXp Realty and they sponsor their own productive agents, then you can earn up to \$3,200 annually for each of those other agents. This represents up to 4% gross commission.

There's no limit to the amount an agent can earn.
